Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS instructions and glossary on the 2006 Web-based survey.

For Bachelor's or Equivalent Programs

Please provide data for the fall 2000 cohort if available. If fall 2000 cohort data are not available, provide data for the fall 1999 cohort.

Fall 2000 Cohort

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2000. Include in the cohort those who entered your institution during the summer term preceding fall 2000.

B4	Initial 2000 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking	
D 4	· · · · · · · · · · · · · · · · · · ·	4 000
	undergraduate students; total all students:	1,838
B5	Of the initial 2000 cohort, how many did not persist and did not graduate for the	
	following reasons: death, permanent disability, service in the armed forces, foreign aid	
	service of the federal government, or official church missions; total allowable	
	exclusions:	20
B6	Final 2000 cohort, after adjusting for allowable exclusions: (subtract question B5 from	
	question B4)	1,818
B7	Of the initial 2000 cohort, how many completed the program in four years or less (by	
	August 31, 2004):	254
B8	Of the initial 2000 cohort, how many completed the program in more than four years but	
	in five years or less (after August 31, 2004 and by August 31, 2005):	303
B9	Of the initial 2000 cohort, how many completed the program in more than five years but	
	in six years or less (after August 31, 2005 and by August 31, 2006):	113
B10	Total graduating within six years (sum of questions B7, B8, and B9):	
_		670
B11	Six-year graduation rate for 2000 cohort (question B10 divided by question B6):	37%

Fall 1999 Cohort

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 1999. Include in the cohort those who entered your institution during the summer term preceding fall 1999.

Initial 1999 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking	
undergraduate students; total all students:	1,444
Of the initial 1999 cohort, how many did not persist and did not graduate for the	
following reasons: death, permanent disability, service in the armed forces, foreign aid	
service of the federal government, or official church missions; total allowable	
exclusions:	21
Final 1999 cohort, after adjusting for allowable exclusions: (subtract question B5 from	
question B4)	1,423
Of the initial 1999 cohort, how many completed the program in four years or less (by	
August 31, 2003):	201
Of the initial 1999 cohort, how many completed the program in more than four years but	
in five years or less (after August 31, 2003 and by August 31, 2004):	225
Of the initial 1999 cohort, how many completed the program in more than five years but	
in six years or less (after August 31, 2004 and by August 31, 2005):	97
Total graduating within six years (sum of questions B7, B8, and B9):	523
Six-year graduation rate for 1999 cohort (question B10 divided by question B6):	37%
	undergraduate students; total all students: Of the initial 1999 cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions: Final 1999 cohort, after adjusting for allowable exclusions: (subtract question B5 from question B4) Of the initial 1999 cohort, how many completed the program in four years or less (by August 31, 2003): Of the initial 1999 cohort, how many completed the program in more than four years but in five years or less (after August 31, 2003 and by August 31, 2004): Of the initial 1999 cohort, how many completed the program in more than five years but in six years or less (after August 31, 2004 and by August 31, 2005): Total graduating within six years (sum of questions B7, B8, and B9):

For Two-Year Institutions

Questions B12 - B21 do not apply.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2005 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

B22	For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate	
	students who entered your institution as freshmen in fall 2005 (or the preceding	
	summer term), what percentage was enrolled at your institution as of the date your	
	institution calculates its official enrollment in fall 2006?	73%

Freshman Profile

Provide percentages for ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year (freshman) students enrolled in fall 2006, including students who began studies during summer, international students/nonresident aliens, and students admitted under special arrangements.

Percent and number of first-time, first-year (freshman) students enrolled in fall 2006 who submitted national standardized (SAT/ACT) test scores. Include information for ALL enrolled, degree-seeking, first-time, first-year (freshman) students who submitted test scores . Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item. Do not convert SAT scores to ACT scores and vice versa. The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

Percent submitting SAT scores	95%	Number submitting SAT scores	2,005

	a)	Total number of instructional faculty	783	477	1,260
	b)		145	57	202
	c)		312	240	552
	d)	Total number who are men	471	237	708
	e)		91	19	110
	f)	Total number with doctorate, first professional, or other terminal degree	667	0	667
	g)	Total number whose highest degree is a master's but not a terminal master's	109	0	109
	h)	Total number whose highest degree is a bachelor's	1	0	1
	i)	Total number whose highest degree is unknown or other (Note: Items f, g, h, and i must sum up to item a.)	6	0	6
	j)	Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students	0	0	0

12 Student to Faculty Ratio

Report the Fall 2006 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2006 Student to Faculty ratio

19 to 1

Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2006 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2006. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Number of Class Sections with Undergraduates Enrolled

Undergraduate Class Size (provide numbers)

J. DEGREES CONFERRED

J1 Degrees conferred between Jul y 1, 2005 and June 30, 200 6
For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Category	Diploma/ Certificates	Associate	Bachelor's	CIP 2000 Categories to Include
Agriculture				1
Natural resources/environmental science	0.8%			3
Architecture			1.3%	4
