

POLICY STATEMENT:

Operation of golf carts and utility vehicles on walking pathways in densely populated areas (such as during events or areas of heavy foot traffic) must be avoided.

Operators shall not circumvent barriers or bollards placed with the intent to deny access to vehicular or golf cart traffic.

Golf carts/utility vehicles shall be operated or parked only on hard surfaces unless the vehicle is specifically designed for and used for grounds maintenance or unless yielding the right of way.

Golf carts/utility vehicles shall not be driven through covered walkways (such as the Breezeway and Building 55 Boca Raton Campus) *except* under the following circumstances:

third parties may be grounds for terminating or suspending their access to and/or use of university property.
